Hispanic Services offers community leaders, educators, families, and state and local social service agencies, to work together to identify the current issues facing Hispanic families. By doing this, we expect to develop ways to meet the needs of all immigrants and non-immigrants entering our community. These services also include experienced bilingual and bicultural staff members to help families ease the public benefit process and make benefits more accessible.

Hispanic Services also focus on strengthening the family and community by providing outreach and public benefit information events throughout the year to keep families informed of federal, state and local changes that may affect them.

The following is a list of services YSB currently provides:

- ✓ **Outreach**
- ✓ **Advocacy**
- ✓ **Interpretation**
- ✓ **Translation**
- ✓ **Case Management**
- ✓ **Information and Referrals**

By offering the above, **Hispanic Services** is able to achieve its two goals:

- 1.) To improve the child and family well-being by providing access to services as well as encouraging empowerment and parental involvement.
- 2.) To advocate for families and establish a network of services in their native language through continuous coordination and resource sharing between state and local agencies.

Hispanic Services has enhanced the lives of families and children by providing many direct services.
